

### 3.2.3 EC Declaration of conformity Cleaning granulate

**Gema Switzerland GmbH** as manufacturer declares hereby, that the following Product comply with CE-conformity:

#### **Cleaning Granulate Gema Art.No.269115**

##### **1. Product information**

Product category: Hardened melaminresin >99% (weight)  
Intended use: Cleaning, paint-removing

##### **2. Adverse physiochemical effects**

The unused product does not contain any components in concentrations which require a classification as a hazardous substance according to regulation (EC) No. 548/1967

##### **3. First aid measures**

The used product does not require any specific measures.

##### **4. Fire-fighting measures**

The product is flammable.  
Suitable extinguishing media: foam, powder  
In case of fire hazardous combustion-products may be generated.

##### **5. Accidental release measures**

For the unused product, no special measures are necessary.  
Spilled material should be removed immediately by dry cleaning.

##### **6. Handling and storage**

Storage: dry and protected from heat, in closed boxes.  
Handling: no further requirements.

##### **7. Exposure control / personal protection**

The product is uncritical and there are no limits existing regarding exposure for workplaces. There is no protection equipment required when handling the product.

## 8. Physical and chemical characteristic

Physical state:	solid
Colour:	colourful
Smell:	typical smell of plastic
pH-Value:	4-8
Melting point:	none
Boiling point:	none
Flash point:	no data available
Ignition temperature:	530°C
Lower explosion limit:	>200g/m <sup>3</sup>
Density:	1,5 g/cm <sup>3</sup>

## 9. Stability and reactivity

Thermal decomposition:	>450°C
Conditions to be avoided:	high temperature
Hazardous reactions:	no data available
Decomposition products:	in case of fire carbon monoxide, carbon dioxide and nitrogen oxide can be formed.

## 10. Toxicological information

There are no quantitative data for the product. It can be assumed, that there are no toxic effects in case of appropriate handling and use of the product.

## 11. Ecological information

The product is inert, not soluble in water and persistent. It is not hazardous to waters.

## 2. Disposal information

The product is inert, not soluble in water and persistent. It is not hazardous to waters.
